Government engineers who made observations of the flood at Pittsburgh have completed the computations. The volume of water carried down the Ohio river when the flood was at its crest, 30.7 feet at the point bridge, was 337,000 cubic feet per second. This discharge of water is far below the discharge of the river when at its flood crest last March when the volume was 440,000 cubic feet per second.

WHAT relation is a Taft Club to the Big Stick?

THE more Mr. BRYAN is defeated, the richer he seems to get.

PER DIEM PER DAY DEBOE wrote a column article to The Courier-Journal trying to explain why he did the Redwine act at Paducah.

WITH the exception of the Hargis family there is no family more determined to live and die in Court than the Thaw family.—Louisville Courier-Journal.

THE Democratic party has no immediate rewards to bestow and this is not an opportune time to waste energy on schemes of revenge.—Lexington Gazette.

BUT ex-Governor BECKHAM's last deft hasn't a very conciliatory sound.

IF that Kentuckian in Washington City, who murdered his wife, allegedly while he was dreaming, had only dreamed a few minutes before that he was committing suicide, and fulfilled his dream, the net results would have been far more satisfactory to the public.

THE Kentucky Court of Appeals has decided that The Louisville Herald and Times are not guilty of the charge of publishing indecent literature, when they printed the proceedings of the first Thaw trial, giving EVELYN's salty testimony. The Court holds that the publication of truthful Court records is not a violation of law.

HIGH school courses in shopping and university training in the selection and purchase of materials is the latest suggestion in the way of higher education for women. The plan is advocated by a member of the University of Chicago, and several public-spirited women who do not think their sisters dress well enough have contributed money to give the experiment a trial next year at Northwestern University. If the department proves a success the university will appoint a permanent instructor.

IF HORACE GREELEY were alive and lived in Kentucky he would say: "Go West, young man, go West d— quick!"

THE HON. WILLIAM O'CONNELL BRADLEY will please sit up and take notice that the Taft men in Kentucky are sitting steady in the boat.

"FOR all-round strength, for ability to deal with men as well as with questions, as a worker and result-getter, WILLIAM H. TAFT is the biggest going concern in the country.—Theodore Roosevelt.

IF former Governor BECKHAM is to start a newspaper in order to get back at Marse HENRY, us little fellows are gwine to climb up on the fence out of the way of the flying dornicks and watch the fun.

EDITOR HENRY WATTERSON says he has "read history in vain if the world has been made any better by scolding." And yet he hopes to reform the Kentucky Democrats with his three-column consignments of tabasco sauce.—Washington Post.

THE Republican party can risk defeat on a straight fight over any issue that can be named, but to upset business in a thousand ways by tariff ripping and smashing now is to surrender to the enemy in advance of battle itself. That is not the G. O. P. way.—Buffalo News.

AND now it is the Potato Trust. Several hundred Long Island farmers have formed an association for handling practically the entire potato output of the island, estimated at 5,000,000 bushels per annum. This seems to be the age of associations, combines and trusts. About the only articles on the free list are salvation and the atmosphere, and we are looking for some enterprising individual to institute a corner on them very soon.

"Ever had any experience?"

"Oh, indeed, I have been with—"

"Chop it short. I know you've been with all the big stars from Hamlet to omelet. That doesn't cut any freeze with me. What's your line?"

"I—I—I'm a—a—a comedian."

"Well, then, make me laugh."

MRS. NANCY I. EDGINGTON.

Died, at the home of her daughter, Mrs. H. J. B. Marshall, in the East End, yesterday morning, Mrs. Nancy I. Edgington, in the 79th year of her age.

She was born March 21st, 1829, in Maysville and was the daughter of Isaac Bradford, an early pioneer of this city, who at one time was engaged in the grocery business here. She leaves behind her two sons and three daughters to mourn their loss—Captain O. M. Edgington of Indianapolis and Captain George Edgington of Augusta, Mrs. H. J. B. Marshall and Miss Dora Edgington of this place and Mrs. I. W. Shelton of Newport.

She was a consistent member of the M. E. Church for over fifty years and lived in the hope of a blissful immortality beyond this vale of tears.

Her funeral will be preached at the M. E. Church, Manchester, tomorrow morning, after which the remains will be interred in the Manchester Cemetery.

SESSION ENDS.

Curtain Falls on Memorable Meeting of the General Assembly

Many Good Measures Enacted. Governor May Call Extra Session in July.

FRANKFORT, Ky., Mar. 18th, 2:30 a. m.—At 2 o'clock the Senate concurred in the House amendment to the Anti-Pool Room bill with but two dissenting votes, and the best racing bill ever passed by any Legislature is now up to Governor Willson for signature.

The closing day of the General Assembly was marked by the passage of some important bills that have been considered during the entire session.

Today the Anti-Pool Room bill, the bill providing for a State Sanatorium for the treatment of tuberculosis, the bill appropriating \$10,000 for the repair of the monument of Henry Clay in the Lexington Cemetery, the bill to take the police force in second class cities out of politics, the appropriations for the new Capitol, the Deaf and Dumb School and the Reform School, were all passed and only await the signature of the Governor to become laws of the Commonwealth.

The Senate tonight finally killed the County Unit bill by refusing to call it up for consideration. It also defeated the compromise Dog Tax bill and the present law which was such an issue in the last State campaign remains on the books. Senator Campbell arose and in a neat speech presented Lieutenant Governor Cox with a handsome diamond-studded Masonic ring on behalf of the Senators and Senate officers as a token of their appreciation of his uniform courtesy and fairness in his rulings.

WHAT WAS ACCOMPLISHED.

The following list of bills which has passed both Houses is not complete as there are a number of bills of minor importance which are of a purely local nature. The list embraces about all of the most important measures which have passed both branches:

- The \$500,000 Normal School bill.
- The Crecelius Tobacco bill.
- The new School Book bill.
- Sullivan-Watkins Educational bill.
- Volunteer Firemen Pension bill.
- Louisville School Teachers' Pension bill.

ILL TIMED

Was Bradley's Abuse of Federal Officeholders Supporting Taft

Lexington Leader.

Governor Bradley's ill-timed abuse of the Federal officeholders who are supporting Secretary Taft in Kentucky would have had some show of justification if Taft were not the conceded overwhelming choice of the people of every Republican State in the Union that has not a candidate of its own, and we might almost add the "favorite son" States to the list. If the Federal officeholders were attempting to dictate to the people whom they should choose for President, and were attempting to force an improper nomination for selfish ends, then they would deserve everything that Governor Bradley has said of them in Kentucky.

The combination of State and Federal officeholders which seeks to force Kentucky to unwillingly support Mr. Fairbanks, who will not have a State in the Union behind him except Indiana, is very much more deserving of Governor Bradley's denunciation than the other Federal officeholders who want to see Kentucky take her rightful place in the great procession of States that will follow the banner of Secretary Taft at the Chicago convention.

Kentucky had a chance to make the nomination of Taft unanimous, as it is the only State outside of the favorite son list in which there has been a serious pretense of organization for any other candidate but Taft. The sentiment of the masses of our Republicans is unquestionably for Taft, our neighbor, who was born within sight of the Highlands of Kentucky, and if every Federal and State officeholder were to keep hands off from now until the convention of April and May we believe every delegate would be instructed to vote for the big Secretary of War for the Presidential nomination.

CONFIRMED PROOF.

Residents of Maysville Cannot Doubt What Has Been Twice Proved.

In gratitude for complete relief from aches and pains of bad backs—from distressing kidney ills—thousands have publicly recommended Doan's Kidney Pills. Residents of Maysville who so testified years ago now say their cures were permanent. This testimony doubly proves the worth of Doan's Kidney Pills to Maysville kidney sufferers.

Mrs. John T. Wallingford, 108 Commerce street, Maysville, Ky., says:

"Doan's Kidney Pills have been used in our family with most beneficial results, and it gives me pleasure to corroborate the testimonials given in their favor some years ago by Mr. Wallingford. As stated then, he suffered a great deal from backache, failing to obtain relief from any of the remedies which he used. Hearing Doan's Kidney Pills highly spoken of, he obtained a box from J. Jas. Wood & Son's, Druggists, and had only taken them a short time when a complete cure was effected. The fact that he has remained free from any recurrence of the trouble is sufficient evidence of the sterling value of this remedy. I have also used Doan's Kidney Pills and they have always afforded me the same relief as they did my husband."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

MEN....

GO IT BLINDLY IN
BUYING CLOTHES

When ready-made clothes are properly made, the custom tailors' are no better. When they are indifferently made, they are an abomination. We don't blame some people for their prejudice. The trouble with the average man is that he buys hurriedly and blindly. He doesn't find out where the good kinds are sold. For instance our experience has taught us that there are in America not over five manufacturers whose product is worthy of a high place in your estimation. These are the ones we handle. Their products are so evenly balanced that no matter which line you select, you can't get anything but good merchandise—the best that America affords. This is a form of protection that inspires confidence in you and cannot fail to benefit us both.

FRANKFORT, Ky., March 16th—John W. Scott, Superintendent of the Franklin County Society of Equity warehouse, tonight received a letter from G. A. FEDERAL AID

May Be Requested to Stop Kentucky Night Riders
---Robert Staton of Brooksville Seeks Redress.

The Federal Government may be called upon to step in and stop the "night riders" outrages in Kentucky. Robert Staton of Brooksville, Ky., whose warehouse at Brooksville was entered and 22,000 pounds of tobacco destroyed, is in Covington and is reported to have said that he would apply to the Federal authorities for redress. He claims that protection has been denied by the State and county authorities. Monday afternoon Staton visited the Internal Revenue Office to fix up his books with regard to the burned tobacco. Under the law every handler of tobacco must notify the Government of its disposition and Staton was puzzled as to how to account for the tobacco destroyed by the riders.

AWFUL TRAGEDY

Ord Gifford Slays His Brother, Floyd, in Lewis County

A terrible tragedy occurred about eight miles South of Vanceburg on Kinniconnick Creek in Lewis county during a family row, in which Ord Gifford, aged 24, shot and killed his brother, Floyd Gifford, aged 30.

The latter and his wife had gone to the home of his father, Scott Gifford, to get a sister's child, about 6 years old, to take home with him and to remain with his wife while he was absent from home at work.

Floyd Gifford and his mother became involved in a dispute about the child, and Floyd undertook to put his mother out of her home.

The father and Sam Gifford interfered and during the scuffle Ord Gifford picked up a double-barreled shotgun and fired, the load striking Floyd in the back. He died three hours afterward.

The murderer was promptly arrested and placed in Jail at Vanceburg.

He expressed no sorrow over his deed and after the shooting he said that he had told Floyd that the next time he laid his hands upon his mother in violence he would shoot him. The family is very poor.
